

Consent for Participation in Digital Sense-making Session

We invite you to participate in the digital sense-making session, led by <Name Surname> from the <department, institution>, and <Name Surname> from the <department, institution>. Please read the information below carefully and consider your decision.

Purpose of the Session:

The aim of the session is to explore in practice how machine learning methods, such as clustering, can facilitate and complement anthropological research.

Procedure:

With your consent, photos you took during the sensory walk as part of the <Course Name> will be used for demonstration purposes. These photos will include location data (latitude and longitude), the date of the photo, and <add other metadata>, but no personal data of the participants will be added. The session will be held on <Date, Time>.

Risks and Benefits:

We do not anticipate any significant risks to participants in this study. However, during the session the showing of photos could lead to the disclosure of your identity. If you believe showing a specific image could cause harm, please notify the instructor immediately.

Voluntary Participation and Right to Withdraw:

Participation in this session is entirely voluntary. You may withdraw from it at any time without explanation, and your photos will be deleted with no consequences.

Confidentiality and Data Protection:

Your data will be treated confidentially and anonymously. In accordance with data protection legislation, your privacy will be strictly safeguarded.

Contact for Additional Information:

If you have any questions about the session, please contact <Instructor Name>.

Consent:

By signing below, you confirm that you understand the above information and voluntarily agree to participate in the digital sense-making session.
